

DATA SHEET

Keyboard SLIM MF Extra slim USB full size keyboard

Issue April 2009

Pages 2

The new Fujitsu USB Keyboard Slim MF is a real eye-catcher on every desk. With its impressive black-silver coloured design it looks very elegant and the white LEDs make it something special. It is the perfect input device for our sophisticated desktop PC and especially for other stylish products such as tablet PC or notebooks.

The additional function keys provide fast access e.g. to e-mail, internet and volume functions. Furthermore the soft touch keys and the very thin dimension make working very comfortable and convenient.

This combination of design and functionality is the optimum keyboard for lifestyle orientated customers, who don't want to miss the advantages of modern technology.

Usability

- Connects easily to every PC with standard USB interface – no driver necessary
- Supports energy saving functions of current operating systems with
- More comfort with additional function keys for fast access

Ergonomics

- Elegant and extraordinary design
- Stress free and effective use through high contrast keys and ergonomic key design
- Soft touch keys in Fujitsu patented slim key-technology with notebook key switches

Reliability

- High quality and function stability
- Highest quality coupled with very good price/performance ratio
- Warranty, service and spare part supply according to your needs

Modern production technology

- Abrasion-proof keys through laser technology to write the keycaps
- Fully automated production line

Technical specifications

Industry standard 105-key keyboard
10 additional function keys

Interface USB, 2.0 m cable

Technology**Electrical values**

Power consumption max. 100 mA at 5 V

Temperatures / dimensions / weight

Temperature (IEC721) 0°C to 40°C

Dimensions (H x W x D) 19 x 470 x 191 mm

Height adjustment 1,5° and 7°

Weight 920 g

Standards adhered to

Interference/Immunity CE certification according to
EC Directive 89/336/EEC
EN 55022 : 1998 class B
EN 55024 : 1998 + A1 : 2001
