= Better Learning Outcomes

HP Classeasy provides schools with access to a vast network of standards aligned content, digital curricula and collaboration tools needed to fuel learning outcomes.

With the launch of HP Classeasy – a future-ready LMS, HP is helping foster digital pedagogy and hybrid learning initiatives.

We don't just deliver products to schools; we deliver exceptionally innovative products that have one single purpose:

Helping schools to achieve better outcomes through improved student engagement!

## Activity Based Social Learning Platform

Motivate and inspire even the most challenging student demographic.

>>> Level up your school performance.

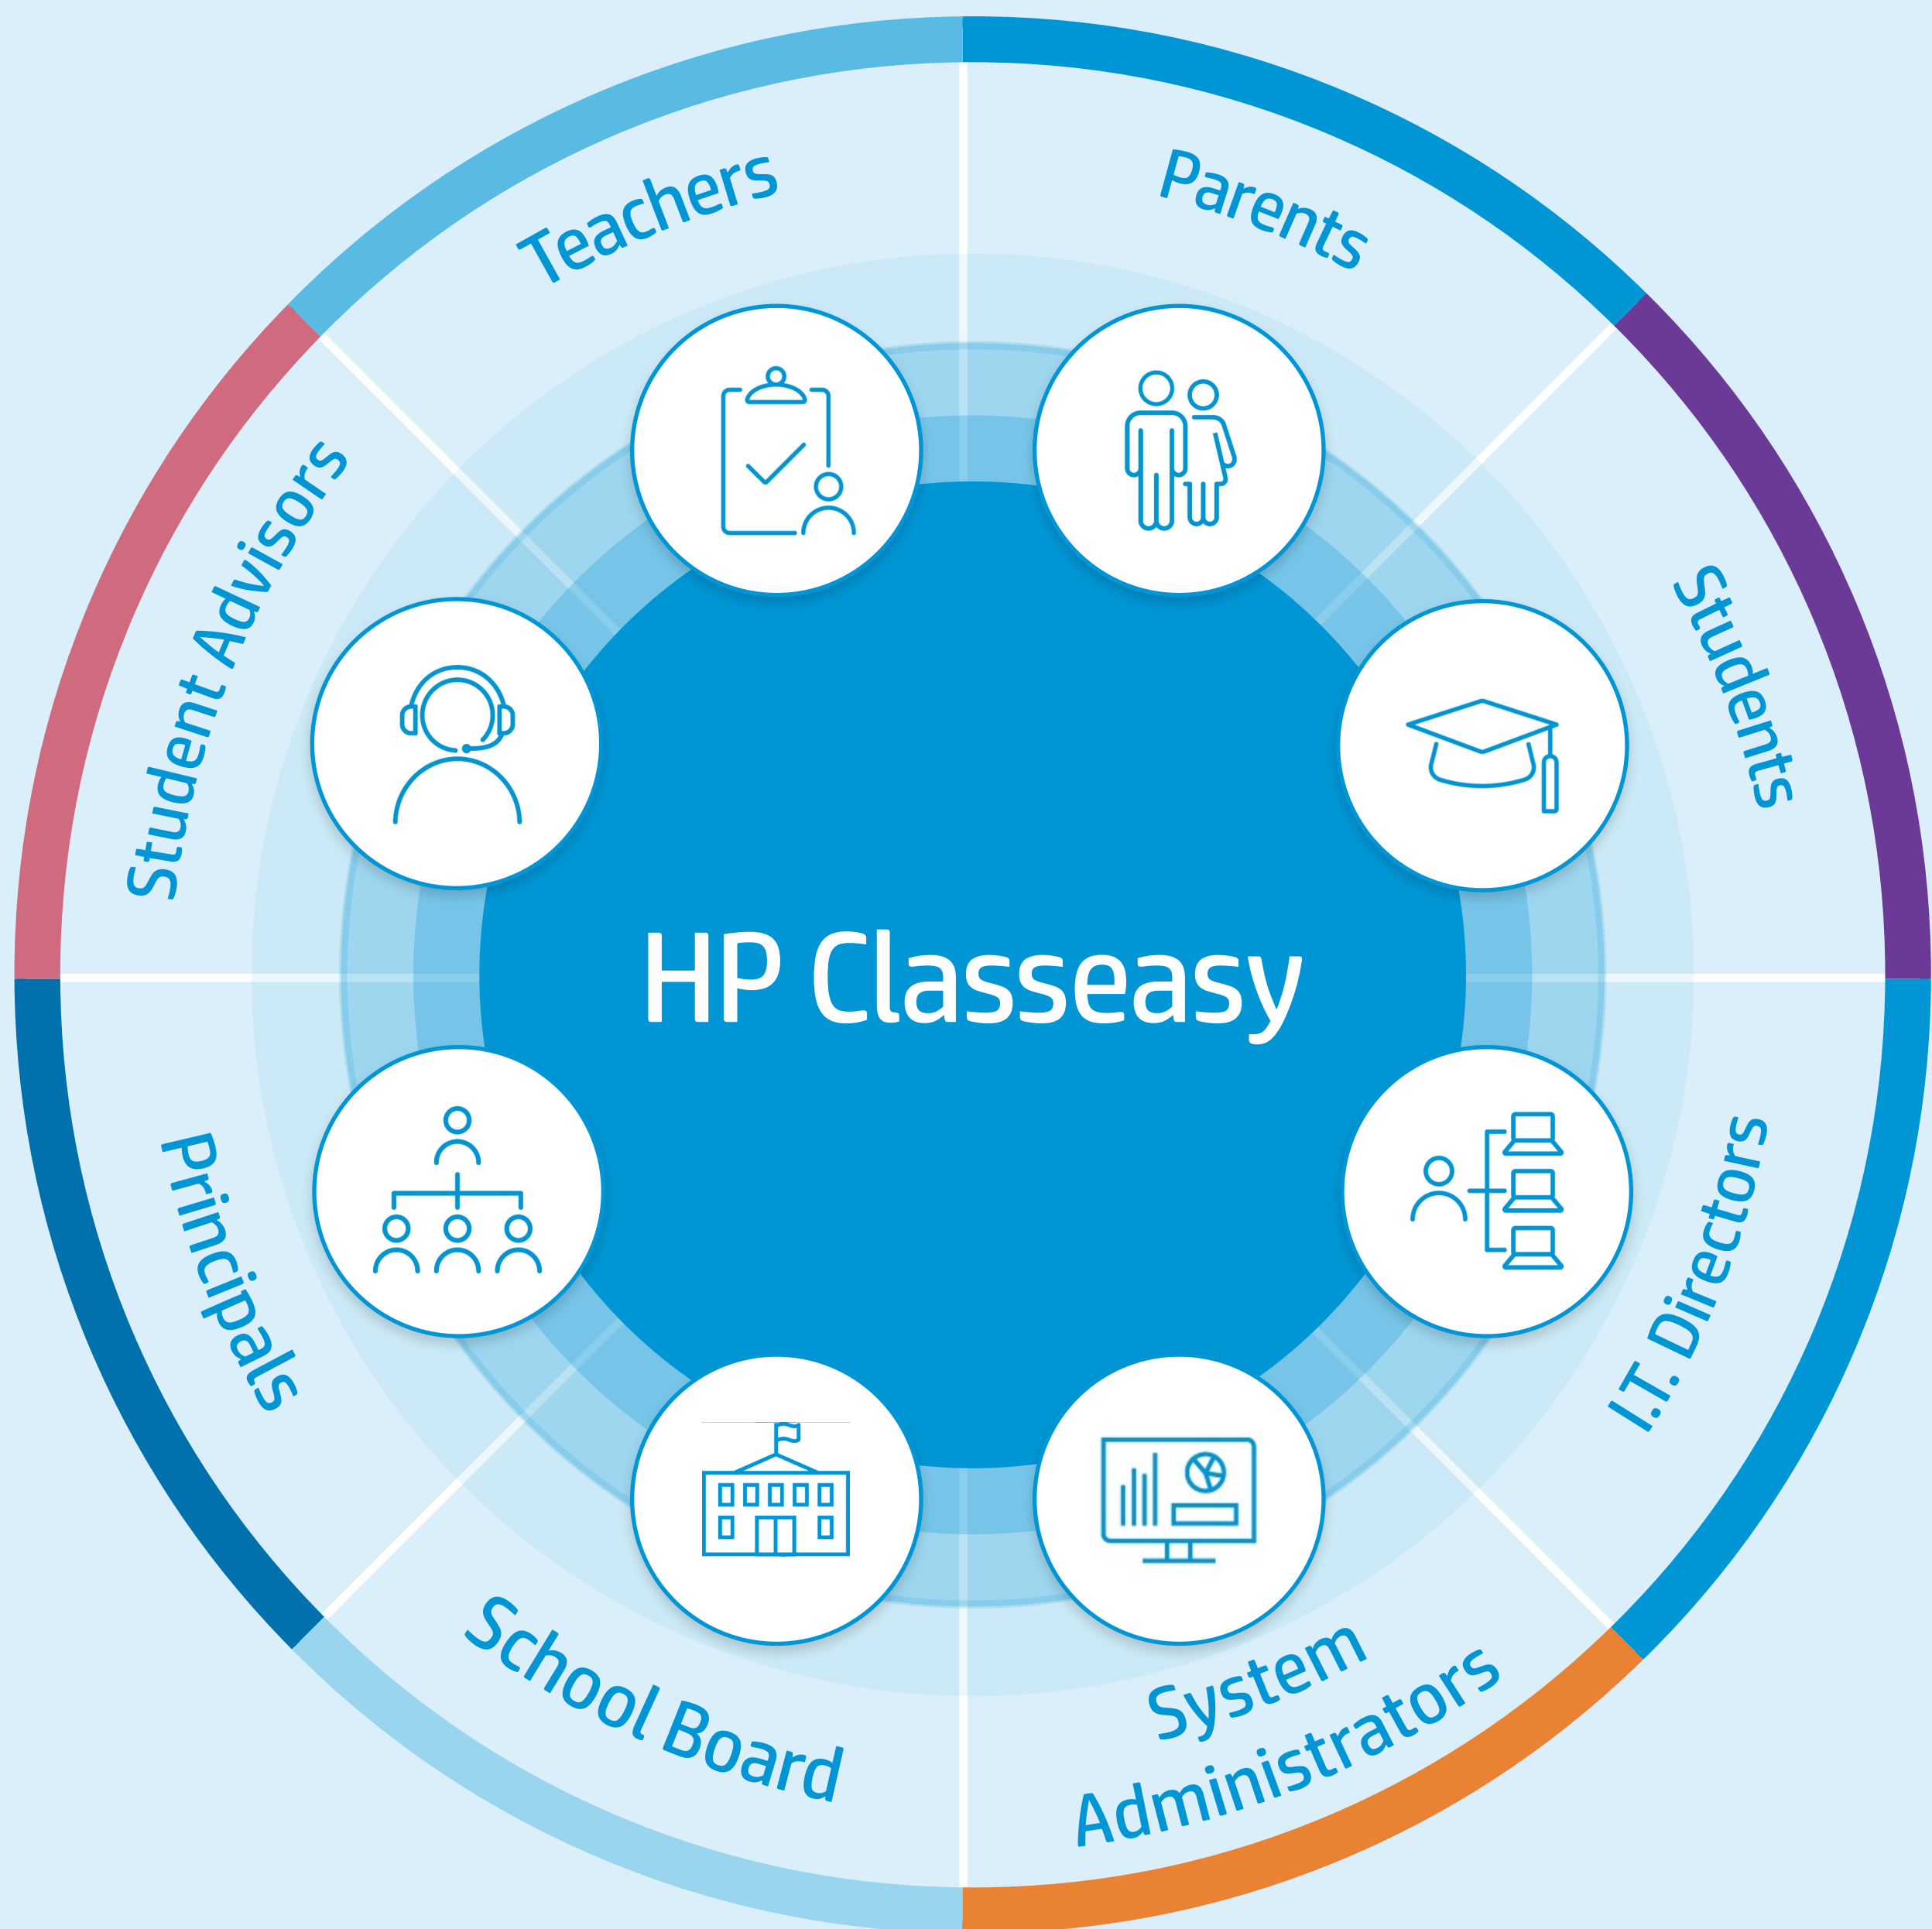

## Transformative Learning Platform

Provides access to proactive personalized learning pathways that help guide students' achievement at scale.

>>> Stay ahead of student performance.

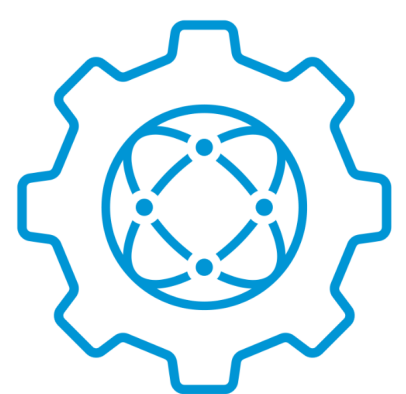

“Imagine a world where all of the tools that inspire achievement are right at your fingertips”.

## ● Smart Mate

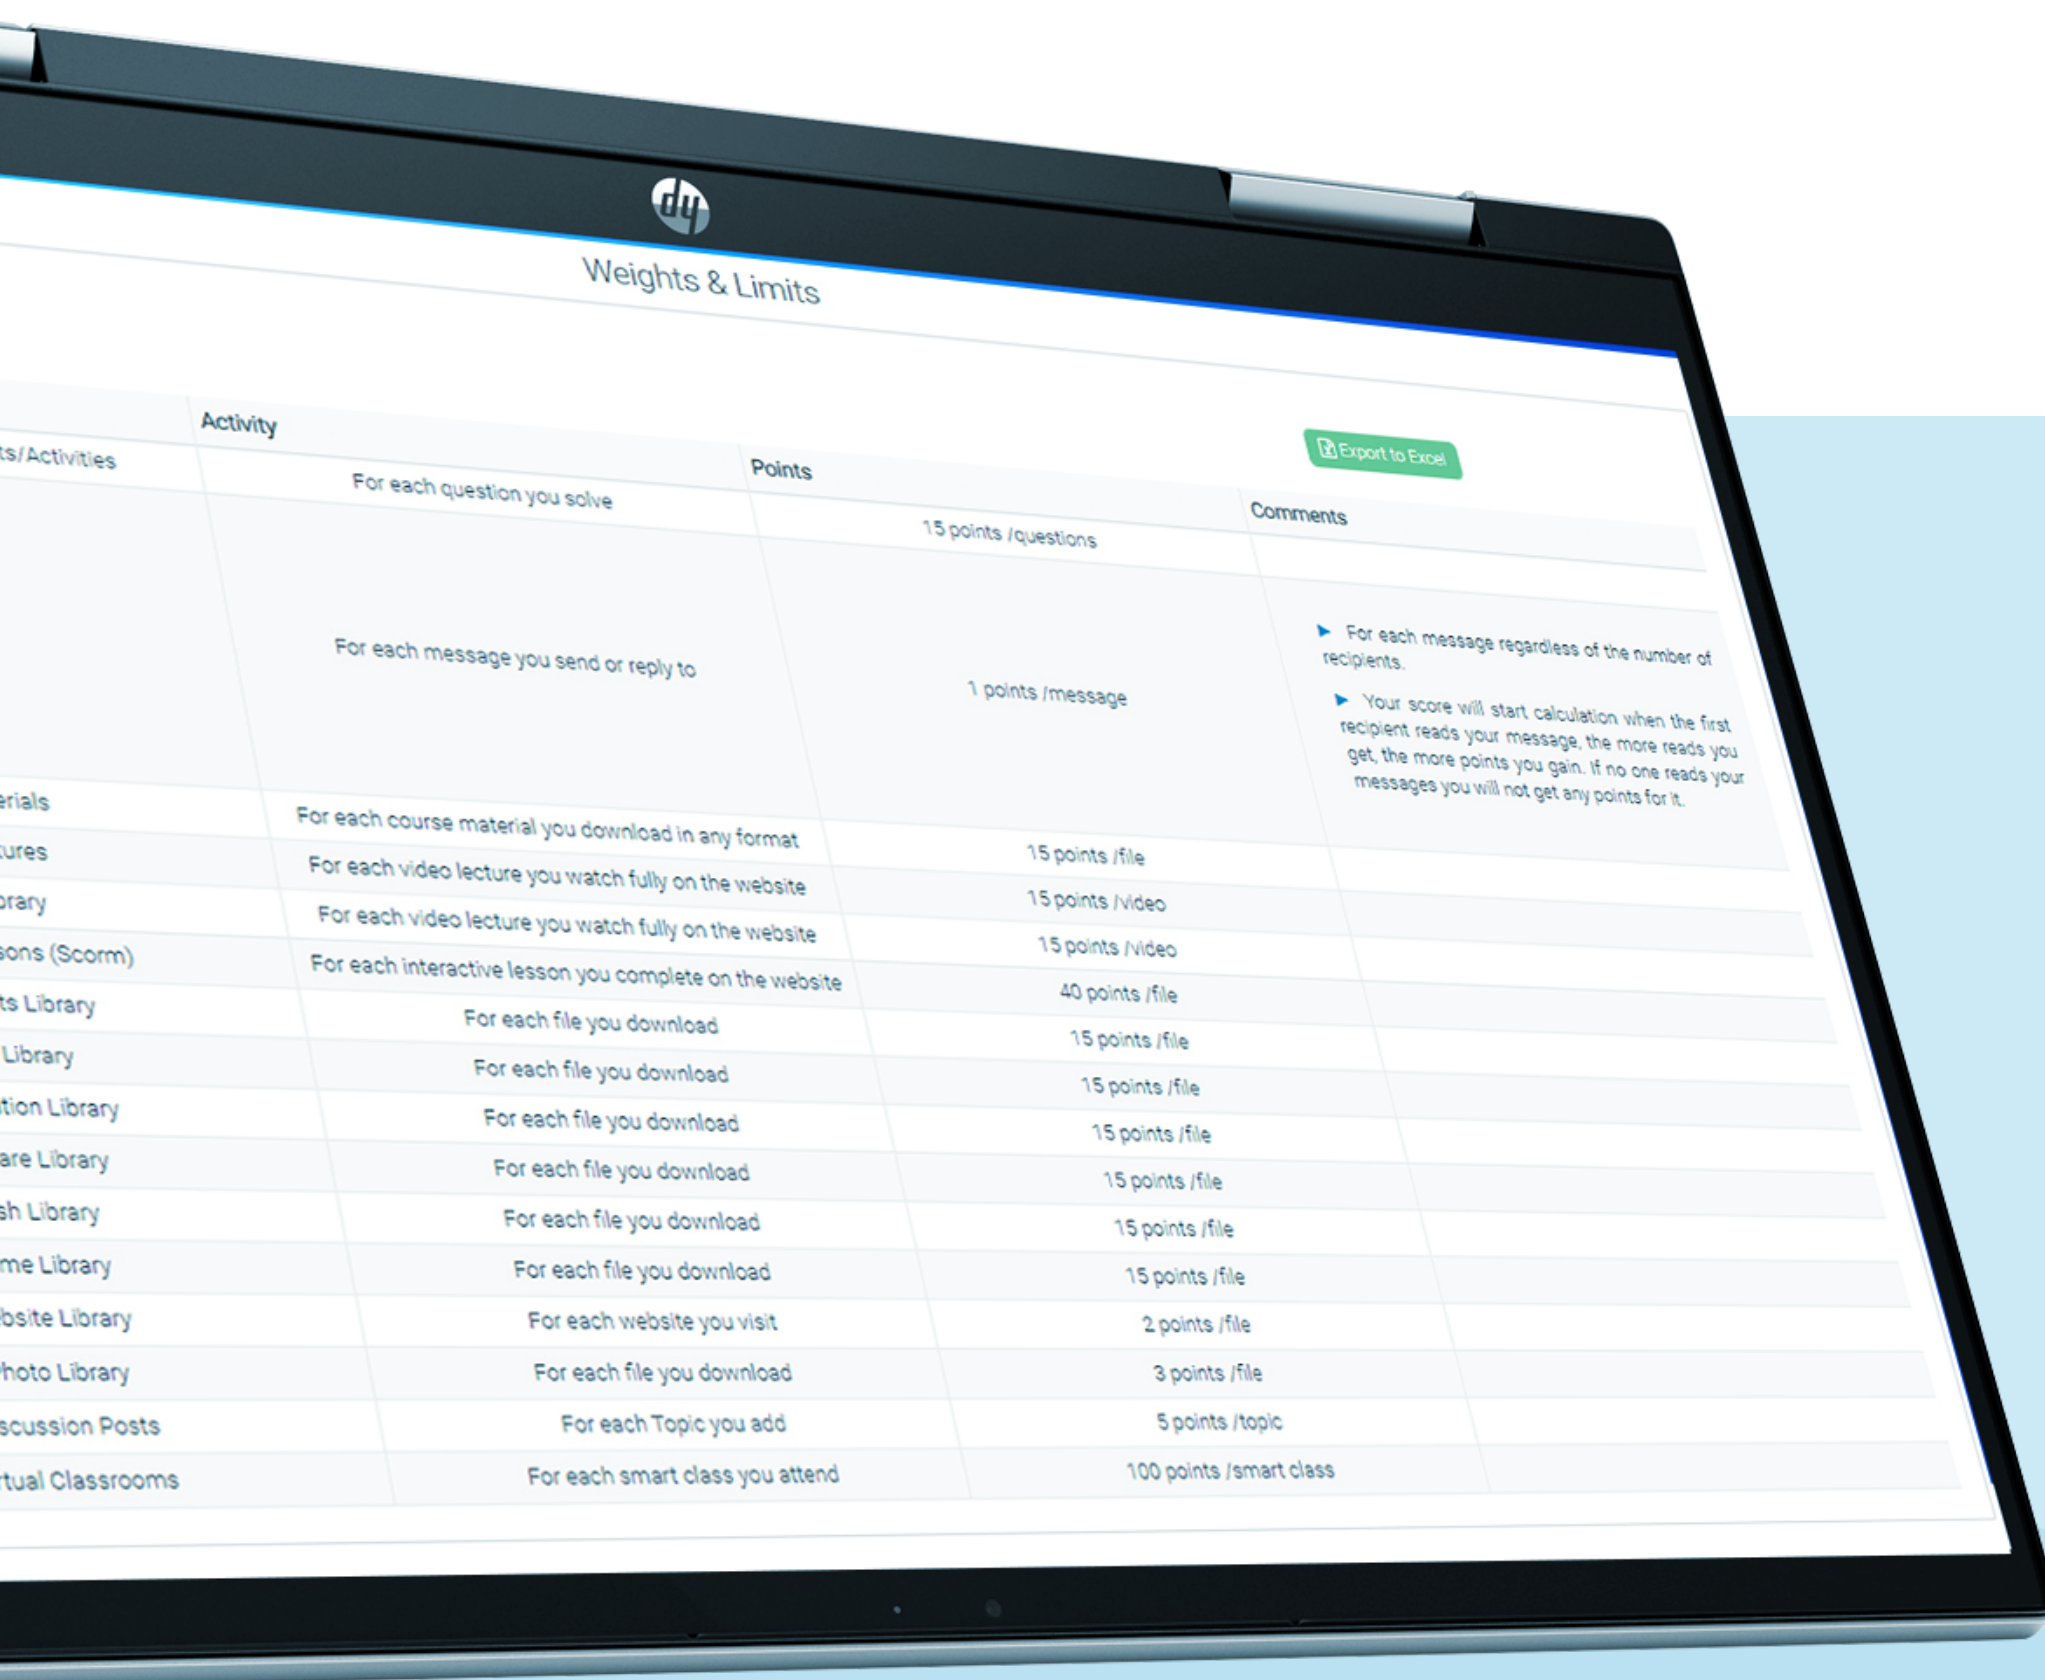

Powerful AI automatically identifies student challenges and allows learners to build academic strengths with suggested engaging content specific to school goals.

Instantly analyzes course content to help eliminate frustrating guesswork.

# Bring Personalized Learning Paths to your Classroom with HP Classeasy!

| Activity  | Points                  | Comments  |
|---|-------------------------|---|
| For each question you solve                             | 15 points /questions    |   |
| For each message you send or reply to                   | 1 points /message       | <ul style="list-style-type: none"><li>For each message regardless of the number of recipients.</li><li>Your score will start calculation when the first recipient reads your message, the more reads you get, the more points you gain. If no one reads your messages you will not get any points for it.</li></ul> |
| For each course material you download in any format     | 15 points /file         |   |
| For each video lecture you watch fully on the website   | 15 points /video        |   |
| For each video lecture you watch fully on the website   | 15 points /video        |   |
| For each interactive lesson you complete on the website | 40 points /file         |   |
| For each file you download                              | 15 points /file         |   |
| For each file you download                              | 15 points /file         |   |
| For each file you download                              | 15 points /file         |   |
| For each file you download                              | 15 points /file         |   |

Every positive learning activity is measured to help drive specific learning outcomes.

Every path to success is customized to the individual learner!

- Students earn points from any activity.
- Customizable based on school goals.
- Weighted based on school/ class/ parents goals.
- Creates student conversation and accountability.
- Removes grades as a blocker.
